Subject: RE: Roll out meeting date change
Date: 06/01/2007 02:39 PM

Thanks Chip -

Here's my understanding of the proposed schedule for meeting dates:

June 8 - EPA provides R3B data needs for benthic tissue and TZW
June 13 - PH Managers meeting
June 14 - EPA R3B data "roll-out" (was the 12th, but Chip emailed me today to request this change)
June 18 - Tech subgroup meeting placeholder
June 20 - PH Managers Meeting
June 21 - Tech subgroup meeting placeholder
June 26 - Tech subgroup meeting placeholder
June 27 - PH Managers Meeting
June 28 - Tech subgroup meeting placeholder

On the 14th, EPA would present its R3B data (which should be to LWG by June 8) in a small group setting.
Details of other dates to be determined.

Cheers
valerie

Valerie

Just a heads up that EPA will likely need to move the "roll out" discussion of EPA's Round 3 data gaps to Thursday, June 14 instead of Tuesday the 12th (the date we tentatively picked at our last manager's meeting).

thanks
Chip.

I've still not heard from EPA on this, but I'm moving ahead assuming this meeting can take place. I'll circulate an agenda tomorrow.
I've had one request to start the meeting at 2pm due to the monthly Tribal meeting. This would work well since LWG has a meeting that is scheduled to go until about 1:30.

The meeting would be from 2 - 3:30pm at Ater Wynne, room 19E. The usual call-in number will be available.

cheers
valerie

I agree it would be helpful to compare notes from the Milestone meeting and the path forward. See you all there.

Hi all -

I would like to let you know that I have tentatively scheduled the next PH Managers meeting for this Wednesday at 1:30pm. There wasn't a discussion at the last meeting about whether or not to have another one right after the Milestone meeting, but I've heard from a few people that this might be a good idea. The EPA+partners team should confirm that they would like to meet on Wednesday.

thanks
valerie
